

asa tamworth travelling workshop

The Australian Sonographers Association is pleased to announce the Travelling Workshop Series is coming to Tamworth on Saturday 18 February 2012 in response to the increasing demand for high-quality education outside the major capital cities.

The 2011/12 Travelling Workshop series promotes best practice in sonography by providing continuing education and a forum for communication to sonographers in regional and rural locations across Australia and New Zealand. Designed and presented by experienced sonographers, these interactive workshops include hands-on presentations and live scanning demonstrations.

Vascular sonography: Unusual presentations and examinations

Debra Coghlan

Dip App Sc Rad. D.M.U (Vasc & Gen) AMS

The program
