

# christchurch travellingworkshop

The Australian Sonographers Association is pleased to announce a Travelling Workshop is coming to Christchurch in March 2010 in response to the high demand for high-quality education outside the major capital cities.

The workshops cater for sonographers living in small capital cities as well as rural locations across Australia and New Zealand. The Travelling Workshop series brings expert sonographers in their field to different areas of the country to share their knowledge and experience. Presentations, live scanning, hands-on and interactive workshops take place during the day.
