

perth travellingworkshop

The Australian Sonographers Association is pleased to announce a Travelling Workshop is coming to Perth in March 2010 in response to the high demand for high-quality education outside the major capital cities.

The workshops cater for sonographers living in small capital cities as well as rural locations across Australia and New Zealand. The Travelling Workshop series brings expert sonographers in their field to different areas of the country to share their knowledge and experience. Presentations, live scanning, hands-on and interactive workshops take place during the day.

Beyond the basics - Obstetric sonography

Ann Quinton

Program

8.30am	Registration, arrival tea and coffee
9.00am	The first trimester anomaly scan, more than just nuchal translucency
10.30am	Morning tea
11.00am	Normal and abnormal, fetal heart
12.30pm	Lunch
1.30pm	Third trimester Doppler. How, when and why?
3.00pm	Finish

Presenter

Ann Quinton is a Senior Sonographer with the Sydney West Area Health Service at Nepean Hospital. She has a special interest in Obstetric ultrasound, especially Third Trimester ultrasound and the fetal heart and has presented widely on these topics. Ann has worked for many years in tertiary level fetal medicine units performing high risk ultrasounds. Ann has a master's degree in Health Science and is currently enrolled in a PhD in Medicine at the University of Sydney where she is researching endothelial function in pregnancy and pre-eclampsia using an ultrasound technique called flow-mediated dilatation.
