

ASA2010 Melbourne Education Program

Day One | Friday 28 May 2010

SESSION 1	Opening Plenary						
9.00–9.10am	Welcome						
9.10–9.40am	Saving face with a smile...			<i>Dr David Chong, Jigsaw Foundation</i>			
9.40–10.10am	Fighting for the oppressed and invisible people of our country			<i>Kon Karapanagiotidis, Asylum Seeker Resource Centre</i>			
10.10–10.30am	At the end of the track: Insights & reflections into the health care issues for rural and remote Aboriginal Australians			<i>Assoc. Prof. Mark Boughey</i>			
10.30am	Trade Show opens						
10.30–11.00am	Morning tea in the Trade Show						
SESSION 2	PLENARY 2A	PLENARY 2B	PLENARY 2C	WORKSHOP 2A	WORKSHOP 2B	WORKSHOP 2C	WORKSHOP 2D
11.00am–1.00pm	Musculoskeletal: Lower limb	Obstetrics: First trimester	Breast	Wrist extensors/ Wrist flexors and joint <i>Mary Langdale</i>	Salivary glands/ Compartments of the neck <i>Kerry Thoires</i>	Shoulder ultrasound <i>Scott Allen</i>	Chronic venous insufficiency <i>Jayne Chambers</i>
11.00–11.20am	Staging tendon pathology using ultrasound <i>Assoc. Prof. Jill Cook</i>	Management/terminology of first trimester bleeding <i>Dr Gareth Weston</i>	Screening and detection rates of breast cancer in Australia <i>Assoc. Prof. Jenny Cawson</i>				
11.20–11.40am	Ultrasound of cysts around the knee <i>Lisa Briggs</i>	Where are we at with first trimester anatomy? <i>Melinda Seymour</i>	Breast ultrasound technique: Toward a common approach <i>Jenny Parkes</i>				
11.40am–12.00pm	Lower limb nerve entrapments <i>Sean McPeake</i>	Assisted reproductive technology: An update <i>Prof. Gab Kovacs</i>	Optimising accuracy of ultrasound guided large core breast biopsy <i>Dr Hannah Rouse</i>				
12.00–12.20pm	Approaching the hamstring tear <i>Steven Zakic</i>	Nuchal translucency, nasal bone and ductus venosus: Australian update <i>Dr Andrew McLennan</i>	Fascinating breast ultrasound cases with follow up <i>Assoc. Prof. Jenny Cawson</i>	WORKSHOP 2E	WORKSHOP 2F	WORKSHOP 2G	WORKSHOP 2H
12.20–12.40pm	Vascular entrapment syndromes <i>Dr Jason Paige</i>	The unusual ectopic: Hints and tips <i>Margaret Condon</i>	MRI directed ultrasound (second look ultrasound) <i>Dr Allison Rose</i>	Wrist extensors/ Wrist flexors and joint <i>Mary Langdale</i>	Chronic liver disease/ Portal hypertension <i>Jane Keating</i>	Abdomen/ Liver segments <i>Faye Temple</i>	Understanding the lower limb arterial waveform <i>Peter Russell</i>
12.40–1.00pm	Sonographic evaluation of the acute calf <i>Matt Vogels</i>	3D/4D in first trimester <i>Dr Simon Meagher</i>	Breast surgery: Which surgery – when? <i>Dr Cathy Poliness</i>				
1.00–2.00pm	Lunch in the Trade Show						

ASA2010 Melbourne Education Program cont.

Day One | Friday 28 May 2010 cont.

SESSION 3 2.00–3.30pm	PLENARY 3A	PLENARY 3B	PLENARY 3C	WORKSHOP 3A	WORKSHOP 3B	WORKSHOP 3C	WORKSHOP 3D
	Gynae: Ovarian	Vascular: Lower limb arterial	Paediatrics	Nuchal translucency <i>Narelle Spinner</i>	Cerebro-vascular <i>Mark Nathan</i>	Pre-Op Shoulder/ The frozen shoulder <i>Craig Cairns</i>	Breast ultrasound/ Breast elastography <i>Jenny Parkes</i>
2.00–2.20pm	Polycystic ovarian syndrome <i>Assoc.Prof. Beverley Vollenhoven</i>	The damage diabetes does <i>Assoc. Prof. Alicia Jenkins</i>	Renal ultrasound meets patient <i>Prof. Paddy Dewan</i>	First trimester anatomy <i>Melinda Seymour</i>	Radial artery assessment prior to CAGS <i>Gavin Clifton</i>		
2.20–2.40pm	Ultrasound evaluation between the uterus and ovary <i>Andrea Matera</i>	Understanding the lower limb arterial waveform <i>Peter Russell</i>	Evaluating the pylorus and upper gastrointestinal tract <i>Lino Piotto</i>				
2.40–2.55pm	Things that move in the dark: Dynamic studies <i>Louise Worley</i>	Post-operative of internal mammary arterial grafts post coronary artery bypass grafting <i>Linda Thebridge</i>	Biliary atresia: Where to start? <i>Susan Lim</i>				
2.55–3.15pm	Ovarian torsion <i>Dr Monica Pahuja</i>	Bypass graft surveillance <i>George L Berdejo</i>	Every ultrasound sign ever described for the paediatric kidney <i>Prof. Paddy Dewan</i>				
3.15–3.30pm	Classifications of ovarian masses: New themes <i>Dr Michael Bethune</i>	Perspectives on duplex scanning of post angiography false aneurysms <i>Maria Gonzalez</i>	The value of 2D volume measurement in adult renal ultrasound <i>Rose Mason</i>				
3.30–4.00pm	Afternoon tea in the Trade Show						
SESSION 4 4.00–5.30pm	PLENARY 4A	PLENARY 4B	PLENARY 4C	WORKSHOP 4A	WORKSHOP 4B	WORKSHOP 4C	WORKSHOP 4D
	Obstetrics: Misc themes	OH&S	Abdo: Liver	Groin hernias/ Abdominal wall <i>Bridie Wylie</i>	Paediatric hip DDH/ paediatric hip/retroperitoneum <i>Cain Brockley & Prue Weigall</i>	ABI's / Leg Arteries/ Thoracic outlet syndrome <i>Kathryn Busch</i>	Pre-Operative CVI/ Post-Operative CVI <i>Dr Jason Paige</i>
4.00–4.20pm	Perinatal management of abdominal wall defects <i>Mr Peter Ferguson</i>	MSK injury for sonographers: The facts <i>Shirley Cheers</i>	Ultrasound in the management of hepatitis <i>Dr David Iser</i>				
4.20–4.35pm	Sonography of the fetal gastrointestinal tract <i>Vicki Ditcham</i>	Ten exercises in real time (participation) <i>Steven Dardaganis</i>	Quantitative CEUS in abnormal hepatic parenchyma <i>Marilyn Zelesco</i>				
4.35–4.50pm	Estimating fetal weight for best clinical outcome <i>Dr Susan Campbell Westerway</i>	Creating a safe work environment <i>Val Gregory</i>	Imaging of focal splenic pathologies <i>Dr Tom Sutherland</i>				
4.50–5.10pm	Fetal abdominal cysts <i>Rebecca Long</i>	Sonographer OHS – your body, your workplace, your future? <i>David Witte</i>	The gallbladder beyond gallstones <i>Faye Temple</i>				
5.10–5.30pm	Predicting post natal renal outcome in utero <i>Anne Sandoval</i>	Beyond RSI – creating a healthy lifestyle <i>Edward Keating</i>	Doppler ultrasound of liver lesions <i>Jane Keating</i>				
5.30pm	Annual General Meeting of the Australian Sonographers Association Limited						
6.00pm	Trade Show and Registration Desk close						
6.00-8.00pm	ASA Lights Up Melbourne – Welcome drinks – ticketed entry						

ASA2010 Melbourne Education Program cont.

Day Two | Saturday 29 May 2010

7.00am	Registration Desk opens at 7.00am								
7.15–8.30am	Breakfast in Banquet Room 201								
7.15–7.35am	Speakers and delegates breakfast								
7.35–7.55am	Ultrasound contrast: An overview				Chris Edwards				
7.55–8.10am	Contrast enhanced ultrasound: A single site's experience				Dr Tom Sutherland				
8.10–8.25am	Panel discussion				Chris Edwards, Tanya McDonald, Dr Tom Sutherland, Marilyn Zelesco				
8.00am	Trade Show opens								
SESSION 5	PLENARY 5A	PLENARY 5B	PLENARY 5C	CARDIAC DAY 5D		WORKSHOP 5A	TRADE SYMPOSIUM 5B	WORKSHOP 5C	WORKSHOP 5D
8.30–10.30am	MSK: Foot & ankle	Paediatric U/S	Vascular: Lower limb venous	8.30–9.00am	Standard echo-cardiographic measurements and indexing <i>Stacey Searle & Julie-Ann Craig</i>	Normal fetal heart/ Fetal heart abnormality (video cases) <i>Alison Lee-Tannock</i>	Sponsor's symposium – GE Healthcare	Hamstrings <i>Dr Cheryl Bass</i>	Finger: volar/ Finger: dorsum <i>Greg Lammers</i>
8.30–8.50am	Lower limb Injury: The AFL experience <i>Dr Andrew Daff</i>	Cranial ultrasound in the pre-term neonate: Changing the approach <i>Glenda McLean</i>	The incompetent perforator: Fact or fiction? <i>Prof. Michael Grigg</i>						
8.50–9.10am	Plantar plate and metatarsalgia <i>Dr Julie Gregg</i>	Imaging of vascular malformations <i>Dr Rachel Evans</i>	Post-surgical varicose veins <i>George L. Berdejo</i>	9.00–9.30am	Quantitative left ventricular function assessment in 2010 <i>Jacqui Williamson</i>	WORKSHOP 5E		WORKSHOP 5F	WORKSHOP 5G
9.10–9.30am	Ultrasound of ankle ligaments <i>Mark Smyth</i>	The paediatric neck <i>Dr Murray Bartlett</i>	Evidence-based DVT: Change your practice? <i>Dr Stuart Dilley</i>						
9.30–9.50am	Technique is everything: The achilles tendon <i>Peter Marriott</i>	Diagnosis and treatment of paediatric intussusception <i>Dr Surekha Kembla</i>	Acute versus chronic deep venous thrombosis <i>Tracey Harrington</i>	9.30–10.00am	Real time echo <i>Lesley Donelan (demonstrator) & Jacqui Williamson (moderator)</i>	The second trimester examination <i>Peter Coombs</i>		Medial elbow/ Lateral elbow <i>Andrew Wilmot</i>	Pre AVF – Vein Mapping/ AV fistulas <i>Omar Ameen</i>
9.50–10.05am	The plantar fascia - not just fasciitis <i>Daniel White</i>	'I know it's scary but...'—scanning children <i>Emma Miley</i>	Superficial vein thrombosis: Thromboembolic events, predisposing factors and optimal treatment <i>Assoc. Prof. Harshal Nandurkar</i>						
10.05–10.25am	The intermetatarsal space: A surgeon's perspective <i>Dr Mark Blackney</i>	Standardising paediatric hip ultrasound in DDH <i>Cain Brockley</i>	Current trends in varicose vein treatment <i>Mr William Campbell</i>	10.00–10.30am	Panel Discussion to include: <i>Lesley Donelan, Jacqui Williamson and Julie-Ann Craig</i>				
10.30–11.00am	Morning tea in the Trade Show								

ASA2010 Melbourne Education Program cont.

Day Two | Saturday 29 May 2010 cont.

SESSION 6	PLENARY 6A	PLENARY 6B	PLENARY 6C	CARDIAC DAY 6D	WORKSHOP 6A	WORKSHOP 6B	WORKSHOP 6C	TRADE SYMPOSIUM 6D
11.00am–1.00pm	Fetal echocardiography	MSK: Upper Limb	Head and neck					
11.00–11.20am	First trimester heart: What's expected? <i>Narelle Spinner</i>	Treating tendon injury: Which method? <i>Mr David McCombe</i>	Ultrasound of diffuse thyroid disease <i>Dr Fred Lomas</i>	11.00–11.025am Guidelines vs evidence vs real-world practice <i>Dr Roger Peverill</i>	Leg vascular graft/ Endovascular A graft <i>George L. Berdejo</i>	Fetal head/ 3D/4D head <i>Taryn Gilbertson</i>	Renal arteries/ Mesenteric arteries <i>Deb Coghlan</i>	Sponsor's symposium – Philips Healthcare
11.20–11.40am	Have a close look at those four chambers <i>Toni Halligan</i>	Tendons of the hand <i>Eddy Cattapan</i>	Characterisation of the thyroid nodule <i>Kristy Thomas</i>	11.25–11.50am Valvular heart disease assessment: An update <i>Diane Jackson</i>				
11.40am–12.00pm	Examining above the four chamber heart <i>Lisa Clarke</i>	Scapho-lunate and other wrist ligaments <i>Le-Anne Grimshaw</i>	Parathyroid: Not to be overlooked <i>Mr Stephen Farrell</i>	11.50am–12.15pm Percutaneous aortic valve replacement <i>Dr Stuart Moir</i>				
12.00–12.20pm	Volume imaging of the fetal heart <i>Dr Shawn Choong</i>	The medial elbow <i>Andrew Wilmot</i>	Post surgical neck: What I want as a clinician <i>Dr Jenny Wong</i>	12.15–12.45pm Contrast agents in transthoracic and stress echo <i>Dr Brian Haluska</i>	WORKSHOP 6E	WORKSHOP 6F	WORKSHOP 6G	
12.20–12.40pm	Fetal arrhythmias <i>Alison Lee-Tannock</i>	Common extensor origin <i>Stephen Bird</i>	Focal and diffuse diseases of the salivary glands <i>Kerry Thoires</i>	12.45–1.00pm Panel discussion to include: <i>Di Jackson, Dr Stuart Moir, Dr Brian Haluska and Dr Roger Peverill</i>	Leg vascular graft/ Endovascular A graft <i>George L. Berdejo</i>	Fetal face/ 3D-4D face (Abnormality) <i>Glenda McLean</i>	Abdominal wall, groin and surrounding structures <i>Lisa Briggs</i>	
12.40–1.00pm	Outcomes and counselling for congenital heart disease <i>Dr Paul Brooks</i>	Imaging inflammatory disorders of the hands and wrist: A rheumatologist's perspective <i>Dr Fred Joshua</i>	Ultrasound of the adult eye <i>Shaun O'Regan</i>					
1.00–2.00pm	Lunch in the Trade Show							
SESSION 7	PLENARY 7A	PLENARY 7B	PLENARY 7C	CARDIAC DAY 7D	TRADE SYMPOSIUM 7A	WORKSHOP 7B	WORKSHOP 7C	WORKSHOP 7D
2.00–2.30pm	Obstetrics: Third Trimester	Vascular	Male reproductive					
2.00–2.20pm	Third trimester spectral Doppler <i>Dr Andrew Edwards</i>	TIA: The Australian pathway <i>Dr Richard Gerraty</i>	Mechanisms of epididymo-orchitis <i>Dr Adam Landau</i>	2.00–2.50pm Debate: "3D echo is the new black!" <i>For: Dr Elizabeth Jones, Dr Brian Haluska/ Against: Dr Michael Cheung, Di Jackson</i>	Sponsor's symposium – InSight-Medison	Paediatric head <i>Braidy Davies</i> Paediatric spine <i>Tania Griffiths & Cain Brockley</i>	MSK ankle/ Plantar fascia/ and a bit toward the foot <i>Mark Smyth</i>	Shoulder ultrasound – post-operative and trauma <i>Judy Wills</i> Rotator interval and rotator cable <i>Chris Sykes</i>
2.20–2.35pm	Placenta previa <i>Dr Alison Fung</i>	Update on carotid classification <i>Yvonne Butcher</i>	Testicular masses <i>Melissa Scott</i>	2.50–3.10pm Implementing 3D echocardiography into a busy clinical practice: A sonographers perspective <i>Lynn Brown</i>				
2.35–2.55pm	Functional assessment of the fetal cardiovascular system <i>Prof. Jon Hyett</i>	The unusual carotid <i>George L. Berdejo</i>	Things that twist in the male <i>Lynne Johnson</i>	3.10–3.30pm Remote, rheumatic and risky echo! <i>Di Bruce</i>				
2.55–3.10pm	You've done an ultrasound...what makes us deliver? <i>Dr Alexis Shub</i>	Vertebral and subclavian vertebral artery steal <i>Deb Coghlan</i>	Peyronie's disease: The long and short of it <i>Michelle Pedretti</i>					
3.10–3.30pm	Fetal surgery: Are we making ground or a mess? <i>Anne Sandoval</i>	Carotid intervention: Endarterectomy v stenting <i>Mr Mark Westcott</i>	Male infertility: Key ultrasound considerations <i>Prof. Rob McLachlan</i>					
3.30–4.00pm	Afternoon tea in the Trade Show, Meet the Authors of the Poster Presentations							

ASA2010 Melbourne Education Program cont.

Day Two | Saturday 29 May 2010 cont.

SESSION 8 4.00–5.30pm	PLENARY 8A	PLENARY 8B	PLENARY 8C	CARDIAC DAY		WORKSHOP 8A	WORKSHOP 8B	TRADE SYMPOSIUM 8C	WORKSHOP 8D
	Twins	Renal	Women's Imaging	4.00pm	Cardiac quiz winner announced	At-risk fetus/ Uterine arteries <i>Lesleigh Baker</i>	Dynamic assessment gynaecology video/3D endometrium <i>Leanne Elliott & Lisa Miller</i>	Sponsor's symposium – Siemens Healthcare	Calf/achilles <i>Scott Allen</i> Knee <i>Sue Farnan</i>
4.00–4.20pm	Problems encountered in twin pregnancy <i>Prof. Euan Wallace</i>	Renal transplantation: The Australian experience <i>Assoc. Prof. John Kanellis</i>	When is a breast lesion definitely benign? <i>Dr Arlene Mou</i>	4.00–4.30pm	Interactive session and case presentations: EF – how good is your "eyeball" assessment?				
4.20–4.40pm	Twins in the first trimester: Diagnosis and screening <i>Vanessa Pincham</i>	Medical renal disease <i>Dr Samantha Ellis</i>	The finer detail of malignant breast lesions <i>Jane Best</i>						
4.40–4.55pm	A protocol for ultrasound screening in monochorionic diamniotic twins <i>Prof. Jon Hyett</i>	Renal ultrasound – decades on <i>Judy Wills</i>	Axillary ultrasound <i>Dr Chris Holland</i>	4.30–5.30pm	Interesting cases including 3D echo, TOE, adult CHD <i>Presenters include Dr Brian Haluska and Dr Paul Calafiore</i>				
4.55–5.15pm	TTS laser: Through the fetoscope <i>Dr Mark Teoh</i>	The not so simple cyst <i>Assoc. Prof. Andrew Little</i>	The post surgical breast: Acute and long term <i>Dr Linda West</i>						
5.15–5.30pm	Breaking bad news <i>Dorothy McGinnes</i>	The sonographer's role in renal intervention <i>Paula King</i>	Bracket creep in obstetric sonography <i>Rob McGregor</i>						
5.30pm	Trade Show and Registration Desk close								
7.00pm–late	The Silver Saturday Ball, Banquet Room 201/202								

Day Three | Sunday 30 May 2010

8.00am	Registration Desk opens							
8.30am	Trade Show opens, arrival tea and coffee							
SESSION 9 9.00–10.45am	PLENARY 9A	PLENARY 9B	PLENARY 9C	WORKSHOP 9A	WORKSHOP 9B	WORKSHOP 9C	WORKSHOP 9D	
	MSK: Shoulder	Fetal Neurosonography	Abdomen	Plantar Plate/ metatarsalgia/Foot ligament and joints <i>Dr Julie Gregg</i>	Renal transplant/ Pancreatic transplant <i>Anne Sandoval</i>	Lateral hip/ Anterior hip <i>David Robinson</i>	Ovarian Veins <i>John Donlan</i>	
9.00–9.20am	Nerve entrapment in the upper limb <i>Dr Richard Zwar</i>	Outcome of common non-lethal CNS abnormalities <i>Dr George McGillivray</i>	Islet cell transplantation in Australia <i>Dr David Goodman</i>					
9.20–9.40am	The acromio clavicular joint <i>Greg Lammers</i>	Posterior fossa abnormality and variants <i>Kate Marriott</i>	Paediatric liver transplants <i>Tania Griffiths</i>					
9.40–10.00am	Ultrasound of the degenerative shoulder <i>Karen Thomson</i>	Fetal supratentorial brain anomalies in 2D/3D <i>Peter Coombs</i>	Ultrasound in urinary tract obstruction <i>Dr Melanie Seale</i>	WORKSHOP 9E	WORKSHOP 9F	WORKSHOP 9G	WORKSHOP 9H	
10.00–10.20am	Dynamic shoulder ultrasound <i>Craig Cairns</i>	Fetal anaemia <i>Taryn Gilbertson</i>	Aortic stent grafts <i>George L. Berdejo</i>	Plantar Plate and metatarsalgia/Foot ligament and joints <i>Dr Julie Gregg</i>	Lower limb DVT, Michelle Rodeh/ Upper limb DVT <i>Anne Carter</i>	Lateral hip/ Anterior hip <i>David Robinson</i>	Breast ultrasound technique/Axilla/ Lymph node evaluation <i>Jan Townsend</i>	
10.20–10.40am	Ultrasound guided tendon sclerotherapy <i>Dr Andrew Rotstein</i>	Diagnosis of fetal spine anomaly <i>Amanda Morris</i>	Renal and mesenteric artery criteria <i>Kathryn Busch</i>					
10.45–11.15am	Morning tea in the Trade Show							

ASA2010 Melbourne Education Program cont.

SESSION 10	PLENARY 10A	PLENARY 10B	PLENARY 10C	WORKSHOP 10A	WORKSHOP 10B	WORKSHOP 10C	WORKSHOP 10D
11.15am–12.45pm	MSK: Hip, Groin and abdo wall	Diagnostic dilemmas	Gynaecology: uterus	Normal fetal heart/Fetal heart abnormality <i>Lisa Clarke</i>	Beating/not beating, four chambers and valves – really that complicated?/ Heart rhythm, leaky valves and effusions <i>Di Jackson</i>	Forefoot/Ankle and foot <i>Russell Boustead</i>	Paediatric appendix/ Paediatric renal <i>Lino Plotto</i>
11.15–11.35am	The inguinal hernia: Current thinking <i>Dr Sean Mackay</i>	Imaging showcase presented by Margaret Condon and Brian Murray	Video highlights of laparoscopy <i>Dr Luk Rombauts</i>				
11.35–11.55am	Sonography of the lateral hip <i>Mary Langdale</i>		Adenomyosis <i>Maria Maxfield</i>				
11.55am–12.10pm	Ultrasound of anterior hip/groin pain: Beyond the hernia <i>Greg Lammers</i>		Comparison of different methodologies in flow mediated dilatation in women with pre-eclampsia compared to women with gestational hypertension <i>Ann Quinton</i>				
12.10–12.25pm	Painful hip prosthesis: The role of ultrasound <i>David Robinson</i>		Retained products of conception (RPOC): Definition and important values <i>Dr Paul Shekleton</i>				
12.25–12.45pm	Sonographic variation of hernias <i>Craig Cairns</i>		Abnormalities of the endometrium <i>Anne Sandoval</i>				
12.45–1.45pm	Lunch in the Trade Show, Trade Quiz draw at 1.30pm						
1.45pm	Trade Show closes						
SESSION 11 1.45–2.45pm	PLENARY 11						
1.45–2.05pm	“Why do you see right through me” – improving quality of services through complaints resolution <i>Beth Wilson, Victorian Health Services Commissioner</i>						
2.05–2.25pm	Sonographer litigation: Stats and situations <i>Chris Sykes</i>						
2.25–2.45pm	Avoiding litigation: 10 simple steps <i>John Petts, Head of Litigation, TressCox Solicitors</i>						
2.45–3.00pm	Award presentation/Scientific quiz, Introducing ASA2011 Brisbane, Major prize draw, Close						
3.00pm	Registration Desk closes
