

the peak body and leading voice  
for sonographers

## join now and **save**

Join the Australian Sonographers Association between 15 November 2011 and 1 March 2012 and **save 50%** on the membership fee (for membership through to 30 June 2012).

The ASA is the only organisation exclusively dedicated to representing the interests of sonographers. Become a member today and be at the forefront on all the issues relevant to your profession. When you join the ASA, you join over 3,100 members committed to promoting best practice, contributing to policy development and upholding professional standards in sonography.

As a member of the ASA you receive:

- Your copy of **soundeffects**, our quarterly education publication
- Discounted member rates on a broad range of ASA education events including ASA2012 Canberra
- Access to professional indemnity, legal benefits and public liability insurance
- A recognised voice in representing your interests to the profession, government and stakeholders
- The designation of *ASA Certified Sonographer* to promote your commitment to high standards of professional behaviour
- Free access to PD-**asa** – the CPD program for sonographers
- Professional recognition through professional awards, grants and scholarships.
